**ACCEPTABLE USE POLICY  
THE USE OF COMPUTERS AND INTERNET  
2020-21**

Bennett Community School is pleased to offer students in grades PreK-6 access to computers, the network for electronic mail and the Internet. To gain access to e-mail and the Internet, all students must obtain parental permission as verified by the signatures on the Acceptable Use Policy form. Should a parent prefer that a student not have e-mail and Internet access, use of the computers is still possible for more traditional purposes such as creation of research papers, classroom assignments, game sites for skill development, and other technology-based needs.

What is possible?

Access to the Internet will enable students to explore thousands of libraries, databases, museums, and other locations of information and to exchange personal communication with other Internet users around the world. Families should be aware that some material accessible via the Internet might contain items that are illegal, defamatory, inaccurate, or potentially offensive. While the purpose of the school is to use Internet resources for constructive educational goals, students may find ways to access other materials. We believe that the benefits to students from access to the Internet exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources.

What is expected?

Students are responsible for appropriate behavior while using the school's computers and the network just as they are in a classroom or on the school playground. Communications on the network are often public in nature. General school rules for behavior and communications apply. It is expected that users will comply with the specific rules set forth in this Acceptable Use Policy. The use of the network is a privilege, not a right, and may be revoked at any time if abused. The user is personally responsible for his/her actions in accessing and utilizing the school's computer resources. The students are advised never to access, keep, print, or send anything that they would not want their parents or teachers to see. For rules see Acceptable Use Policy Form.

Reliability

Bennett Community School makes no warranties of any kind, whether expressed or implied, for the service it is providing. Bennett Community School will not be responsible for any damages you suffer. This includes the loss of data resulting from delays, non-deliveries, misdirected data, or service interruptions caused by your negligence or errors and omissions. Use of any information obtained or printed out at Bennett Community School is at your own risk. Bennett Community School specifically denies any responsibility for the accuracy or quality of information obtained through its services. Any information received or sent from the Internet by the student is the sole responsibility of the student.

## ACCEPTABLE USE POLICY

### WHAT ARE THE RULES? (For more information see student handbook)

1. Privacy – Network and Hard Drive storage areas may be treated like school lockers. Any staff member at any time may view any items saved in these areas. They may also review Internet use to maintain system integrity that will insure students are using the systems responsibly.
2. Inappropriate materials or language –Profane, abusive or impolite language should NOT be used to communicate nor should materials be accessed which are not in line with the rules of school behavior. A good rule to follow is never view, send, print, or access materials, which you would not want your teacher and parents to see. Should students encounter such material by accident they should report it to their teacher immediately.
3. Do not give out the school address or your home address
4. No purchasing or buying items off the Internet will be allowed, best policy do not go to any site such as eBay.
5. No game sites or downloading without teacher permission.
6. Respect other student work that may be saved on server or hard drives. School rules for copying and vandalizing other student's files will be enforced.
7. Absolutely NO chat room use!

### OFFENSES:

1st offense will be 10 days (calendar days) suspension of Internet use unless used in regular class.

2nd offense will be 30 days (calendar days) suspension of Internet use unless used in regular class.

3<sup>rd</sup> offense no use of Internet unless used in regular class.

**Iowa Department of Public Health  
Child Vision Screening**

1. Parents or guardians need to make sure their child has a vision screening at least once before starting kindergarten and again before starting 3<sup>rd</sup> Grade.
2. Kindergarten Screenings: A screening will be counted if it is done no earlier than 1 year before and no later than 6 months after school starts.
3. 3rd Grade Screenings: A screening will be counted if it is done no earlier than 1 year before and no later than 6 months after school starts.
4. The requirement for a child vision screening will count by any of the following:
  - a. A vision screening or comprehensive eye exam by an eye doctor (ophthalmologist or optometrist).
  - b. A vision screening conducted at a doctor's office, a free clinic, a child care center, a local public health department, a public or accredited nonpublic school, or a community-based organization or by an advanced registered nurse practitioner or physician assistant.
  - c. A vision screening done by Prevent Blindness Iowa volunteers or Iowa KidSight and Lion's Club Volunteers.
5. The child vision screening requirement does not apply if the child vision screening conflicts with a parent's or guardian's genuine and sincere religious belief.
6. A child will not be withheld from school because a parent or guardian did not provide proof that the child received a vision screening.
