

COMMUNITY SCHOOL DISTRICT

www.Bennett.k12.ia.us

Dear Parents/Guardians,

We will begin our ISASP(Iowa Statewide Assessment of Student Progress) testing next week. After not testing last year due to Covid, these assessments are incredibly important for your child and the district. The ISASP's give our district a snapshot into your child's learning. They help our school make important decisions about our students and their education here at Bennett Elementary. Teachers have been going over practice tests, and talking to the students about the importance of giving their best on the ISASP Assessment.

You will find our testing dates below. Please try not to schedule appointments or vacations during these days. If you have already made these arrangements, please contact the school office as soon as possible. However, we have make-up days in place if you student becomes ill during any of the testing dates.

It is important for your child to get plenty of rest and have a great breakfast the mornings of the tests. We will be testing promptly at 9:00am on each testing day. Again, this assessment is very important to the Bennett District. Thank you for all your help and support!

Sincerely,

Lonnie A. Luepker,
Superintendent

Testing Dates:

Tuesday, April 13 - Math

Thursday, April 15 - Reading

Tuesday, April 20 - Language Arts/Writing

Thursday, April 22 - Science (5th grade only)
